October – Respect Life Month

As Catholics in the United States, we will soon mark our annual observance of October as Respect Life Month. It is a time to focus on God's precious gift of human life and our responsibility to care for, protect, and defend the lives of our brothers and sisters.

This year's theme, "Live the Gospel of Life," was inspired by the commemoration of the 25th anniversary of Pope John Paul II's encyclical The Gospel of Life. Pope John Paul's masterfully articulated defense of the right to life for children in their mothers' wombs, the elderly, persons with disabilities, and the marginalized is more relevant today than ever before.

Things You Are Asked to DO:

Family Income Survey – DUE OCTOBER 15

We need your help! It's time for the annual Family Income Survey. This survey is sent out every September to all families of students in Maryland. The results help our school secure additional services in reading and math in addition to providing funding for several federal programs. This year the survey is a Google form so as to simplify its return. Please note that all the information you enter is confidential and solely used to increase or maintain the educational services we are now providing for our students. The survey takes approximately 2-4 minutes. **Please complete one survey per student.** Thank you for your assistance in collecting this very important data.

Leadership Word of the Day

Sense of Humor: Your goal is to get your team through whatever problem has come, without panic. The higher you can keep morale, the better positioned you are to pick up the pieces and start again. A sense of humor pays massive dividends here, if you can encourage your team to learn from the mistakes and laugh it off. Being able to find something positive in your struggles will help develop a healthy work environment.
